

Charles City County

EARLY CHILDHOOD CARE & EDUCATION SNAPSHOT

KEY CHALLENGES

Affordability Gap for Families: More than 1 in 3 families earn too much to qualify for child care assistance, yet many can't afford the cost on their own.

Lack of Subsidized Spots: While 63% of children under 5 qualify for publicly-funded child care, there are spots for just 1 in 2 of those eligible.

High Cost of Care: Families would need to earn about \$170,000 a year to afford care for one infant or toddler, and \$145,000 for one preschooler.

Insufficient Full-Day, Full-Year Options: Only 32% of children under 5 have access to full-day, full-year child care.

DEMOGRAPHICS

56%

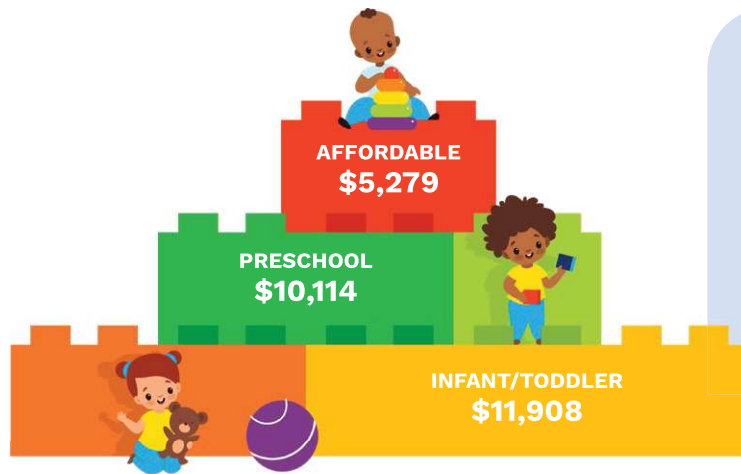

of Children Age
0-6 Have all
Available Parents
in the Labor Force

- 59.4% of children age 0-5 live <200% Federal Poverty Level (FPL)
- 4.2% of children age 0-5 live between 200% FPL and 85% of State Median Income (SMI)
- 36.4% of children age 0-5 live >85% of SMI

Note: For a family of 3: <200% FPL: <\$53,300; 200% FPL - 85% SMI: \$53,300-\$95,676; >85% SMI: \$95,676+

61%

of children under 5 are not demonstrating the minimum skills needed to be successful at the end of kindergarten.

High-quality early childhood education is critical for improved academic achievement, better economic prospects, and lower rates of behavioral problems later in life.
